

TASK SEATING COLLECTION

Task. Mastered.*

* From the reception through to the boardroom. We have unique seating solutions for everybody.

Summit*

We're an independent design and manufacture business, working out of our factory headquarters in green and pleasant Wiltshire. We've been making furniture for 40 years and we're proud of the passion and enthusiasm that still goes into each piece.

Our R&D process looks to deliver beautiful, ergonomic solutions; furniture which enhances an environment, and makes the user's life a bit better. Furniture that's restorative; that facilitates communication; that looks great. It's a lot of boxes to tick but we're pretty good at it.

Our clients are long-term partners. We approach these relationships as we do our furniture; build it to last. We believe in strong communication and shared purpose. Most of the clients we started with 40 years ago are still working with us, we've grown our businesses together. We think this is because we look after our clients: we work hard to understand their priorities and look at how we can support their business needs.

Essence

Ergonomic luxury.

Show you mean business with Essence - luxurious executive task chair on the outside, powerhouse of ergonomic functions on the inside.

With dramatic angles and deeply contoured foam, Essence offers classic elegance for boardrooms and executive offices. But style does not negate substance. This powerful range provides optimum seat adjustment thanks to its smooth synchronised mechanism and an inflatable lumbar for supreme support.

★

Deep, sumptuous upholstery for luxuriant comfort
'Easy Step', tension adjustment
Width and height adjustable arms
80mm of seat depth adjustment
Inflatable lumbar
Easy lift, back height adjustment

Impact

On the day. Not the body.

Create an impact in the office with a premium task chair that's stylish and beautifully finished.

With a multitude of ergonomic features as standard and a choice of adjustment mechanisms for easy set-up, you'll spend the day at your desk in comfort. And thanks to coordinating cantilever visitor and meeting chairs you can achieve consistency throughout your workspace.

Multi adjustable headrest
'Easy Step', tension adjustment
Deep cushioned seat
Extra long, 100mm of seat depth adjustment
Inflatable lumbar
Easy lift, back height adjustment
Width and height adjustable arms

Exquisit

Form and function in perfect harmony.

Choose an elegant task chair that allows fluid, yet supportive movement.

Robust but surprisingly light to move around, Exquisit boasts a graceful swan-curved back that'll support you exactly where you need it. And with rotary button adjustment functionality you'll find it quick and simple to fine tune this chair to suit your preferences. Mix it up with adjustable arms, head rests and cantilever styles to provide the perfect chair for any office eventuality.

Multi adjustable headrest
Deep cushioned seat
Elegant, slim line back
Seat depth adjustment
Inflatable lumbar
Easy lift, back height adjustment
Side tension adjuster

Mono

3D ergonomics.

Set yourself up for a great day at the office with a task chair that responds to your posture and movement.

With its flexible, shaped polypropylene back, Mono does just that. Simply push a button and the self-tensioning, body-balance synchro mechanism will allow you to choose from five tilt positions. Or if you prefer, choose a dynamic free float that responds naturally to the movements of your body throughout the day. And with a breathable back, anti-shock features and ratchet, lumbar height adjustment as standard this chair really does do everything your body needs it to.

- Flexible upper back
- Body Balance mechanism for 'dynamic sitting'
- Push button mechanism control
- Seat depth adjustment
- Width and height adjustable arms
- Easy lift, back height adjustment
- Upholstered back option

Ovair

Classic style for
your workplace.

Introduce a stylish update to your office seating arrangements.

Made to suit even the pickiest sitter, this is a task chair that has been designed with long-term comfort in mind. The precisely tensioned back mesh will keep you cool and dry all day long, while the inbuilt lumbar support and body balance synchro mechanism will ensure each member of your team can set up their chair precisely to suit them. It's a one-size-fits-all office chair.

Cool, flexible mesh back
Body Balance mechanism for 'dynamic sitting'
Push button mechanism control
Height adjustable lumbar pad

Posturemax

Taking care of back-care.

Give your staff the gift of long-term spinal health when you choose Posturemax.

Offering exceptional comfort that must be experienced to be believed, this hardworking task chair incorporates unique body-supporting technology and optimum adjustability. Both of which work to reduce the likelihood of back problems associated with long periods spent sitting down. Not only that, it's upholstered with heat reactive memory foam that will mould specifically to cradle your body for additional back health benefits.

- Memory foam seat and back
- Multi adjustable headrest
- Synchronised mechanism plus independent back angle adjustment
- Seat depth adjustment
- Inflatable lumbar
- Easy lift, back height adjustment
- Side tension adjuster
- Width and height adjustable arms
- Guaranteed for 24 hour per day use

Posturemax COOL

Comfortably cool all day.

Combine the engineering smarts of Posturemax with the breathability of a mesh back.

Thanks to its unique body supporting technology, seat slider for optimum adjustability, and synchronised mechanism with independent back angle adjustment, Posturemax works hard to guard against the back problems and stiffness that can inevitably develop when you spend hours on end sitting at a desk.

With a 5 year structural guarantee proving its safety, strength and stability when in use for 24 hours per day, you can be sure this one will stand the test of time.

★

- Cool, flexible mesh back
- Memory foam seat
- Synchronised mechanism plus independent back angle adjustment
- Seat depth adjustment
- Multi adjustable headrest
- Easy lift, back height adjustment
- Side tension adjuster
- Width and height adjustable arms
- Guaranteed for 24 hour per day use

Sensit

Engineered for active sitting.

Reduce the impact of sedentary office activities with Sensit.

Designed to offer the perfect support whatever your physique, this groundbreaking task chair uses our patented AirBridge technology to deliver variable support for your spine. As you move gently during the course of your work, air cushions help to stimulate your muscles, while the self-tensioning body-balance mechanism provides an optimum 2:1 recline ratio encouraging frequent posture changes throughout the day.

Put simply, Sensit offers you a healthier way to sit.

- Multi adjustable headrest
- Body Balance mechanism for 'dynamic sitting'
- 'Air Care' seat for 'dynamic sitting'
- Deep cushioned seat
- Inflatable lumbar
- Button release, height adjustable back
- Width and height adjustable arms

Sensit-Lite

Supporting wellbeing at work.

Enjoy the benefits of our Sensit AirBridge technology combined with a cool, breathable mesh back.

Developed to reduce the impact of prolonged sitting, dual air cells in this health-conscious task chair engage core muscles and actively encourage movement. Throw in a self-tensioning body-balance mechanism that offers the right amount of resistance for your size and you'll have everything you need to combat the stiffness and pain associated with sedentary office-based work.

Sit healthier with Sensit-lite.

- 7 colour choices for mesh back
- Body Balance mechanism for dynamic sitting
- 'Air Care' seat for dynamic sitting
- Deep cushioned seat
- Height adjustable, soft lumbar pad
- Width and height adjustable arms

Inflexion

An executive decision
made easy.

Experience the Inflexion executive and you'll quickly understand why it's our best-selling task chair.

Elegantly designed as it may be, this one is built for all-day comfort. Combining a smartly sculptured back rest with inflatable lumbar, a generous seat and your choice of adjustment mechanism, this is a chair of exceptional style and comfort.

- Deeply contoured back for added support
- Large, deep cushioned seat
- 2 Mechanism choices
- Raised rear seat edge for lower back support
- Inflatable lumbar
- Easy lift, back height adjustment

Tangent X

Classic proportions.
Comfortable positions.

Set your seat to suit with Tangent X.

With Tangent X, it's all about having the tools to create the perfect chair for you. Operator Plus or Operator Synchro mechanisms allow you to tilt the seat and adjust the angle of the back. Or why not leave it unlocked to experience free float allowing the recline to change as you move? This can encourage gentle movement, reducing stiffness and improving spinal health. Other options include aluminium bases, seat sliders, folding arms, inflatable lumbar supports and matching visitor chairs.

Anatomically curved back for comfort
2 Mechanism choices
Deep cushioned seat
Easy lift, back height adjustment

Horizon

99% recyclable.
100% comfortable.

Up the CSR anti when you choose task seating from our Horizon range.

Offering the lowest environmental impact of any chair of equivalent quality and cost, a Horizon task chair uses up to 49% recycled material in its construction and is up to 99% recyclable post use. But this one isn't just for the environmentally conscious. With an inflatable lumbar, seat slider, flexible waterfall seat edge and flexible upper back section, Horizon sets new standards for the level of innovative ergonomic features in a key-price premium task chair. It's also BS5459 certified for strength and stability. Good to know.

★

Flexible upper back
Replaceable fabric for extended chair life
2 Mechanism choices
75mm seat depth adjustment
Inflatable lumbar
Easy lift, back height adjustment
Flexible front seat edge
Side tension adjuster

Tiverton

The beauty is in the choice.

Versatility abounds when you discover our Tiverton range of task chairs.

Designed to fulfill all the seating requirements you'll need to create a modern office environment, you'll find comfortable desk chairs, inviting visitor chairs and meeting chairs that ensure no matter what's on the agenda, you'll at least be seated in comfort. Ergonomically designed with inflatable lumbar supports, a choice of three mechanisms, two back heights and swivel and static options.

The name Tiverton is synonymous with choice.

3 Mechanism choices
2 back height choices
Inflatable lumbar
Easy lift, back height adjustment

Sculpt

A distinctive character
in any office.

For a mid-sized task chair that's as striking as it is supportive.

With its highly contoured, hexagonal-shaped back and seat, Sculpt is a geometric design-lovers dream, offering a different look to 'traditional' office seating. But that's not to say it doesn't do the business too. Fitted with Operator Synchro or Operator Plus mechanisms for easy ergonomic set-up, there are plenty of options to choose from. Prefer an aluminium base? Seat slider? Folding arms or inflatable lumbar support? Sculpt has you covered. You can even celebrate your choice of design with matching visitor chairs from the range.

Deeply contoured back for added support
Raised rear seat edge for lower back support
2 Mechanism choices
Easy lift, back height adjustment

Blenheim

A plethora of functional features as standard.

Get great value for your money with the Blenheim - a task chair with a high number of standard features.

From inflatable lumbar to seat sliders to back and seat adjustments, the Blenheim promises comfort for all who sit in it. And with two adjustment mechanisms to choose from as well as three arm styles, your Blenheim will come ready to set up and settle down to a day's work in comfort. What's more it's proven to be stable and robust - all structural components are tested to BS5459.

Blenheim will help you work smart all day long.

2 Mechanism choices
Seat depth adjustment
Inflatable lumbar
Easy lift, back height adjustment

Spoilt for choice.

Our Task Seating suite has a chair for every need. From Reception to Boardroom; for ergonomic and environmental improvement. And every price bracket. We've got it covered. And all our task chairs come with a 5 year structural warranty.*

All this and the spectrum of colour and choice of fabrics is only limited by your imagination - for the perfect Task Chair take your pick...

* All of our task chairs carry a 5 year structural warranty whilst in 8 hour per day use, up to 150kg load. The Posturemax ranges are covered for 5 years whilst in 24 hour per day use, the Posturemax200 range being suitable for loads up to 200kg. This warranty excludes fair wear and tear and damage or failure caused by misuse.

Please note: the chair imagery and appearance of the corresponding mechanisms are representative only and may differ slightly according to mechanism type.
